

COLCHESTER ARCHAEOLOGICAL TRUST

WATCHING BRIEF REPORT

CAT Project reference: **00/10g**

CAT Report number: **107**

Site/address: 5 Alton Drive (off Fitzwalter Road)

NGR: TL 9765 2495

Date: 27th October 2000

Officer: H Brooks

Report:

Following a request by Martin Winter, and Martin's belief that they may have started work without informing anyone, this site was visited.

We were, indeed, too late because there was a new house already standing, with a contractor putting on the roof. The new plot, carved out of No. 5's garden, is now called 7 Alton Drive.

Summary:

Too late to observe building work.
