

CAT Report 1270: report on a negative watching brief

Site address: 69 Endsleigh Court, Colchester
Date of fieldwork: 4th March 2004 and 29th March 2005
NGR: TL 9816 2515
CBC brief?: no; verbal instruction from M Winter
Sketch attached?: yes
Museum accession: 2005.37

Archaeological background: the site is located just within the boundary of a scheduled ancient monument (Roman cemetery).

Brief report

Observation of footing trenches for new garage and house extension. Footings dug approximately 600mm wide and 900mm deep through a topsoil layer (0-200mm), a subsoil layer (200-600mm deep) and into natural. No archaeological features were observed.
